

RED WING'S PROPOSED

RENTAL LICENSE PROGRAM

Possible Start: Summer 2021

WHY? To ensure every tenant has a safe and healthy place to live.

IDEAS FOR THE PROGRAM

- All owners/landlords would need a license to rent a property.
- Each house or apartment would get inspected regularly to meet health and safety standards.
- Inspections would be scheduled in advance. Tenants could choose whether or not to be at home during the inspection.
- Inspectors would only look at health and safety areas identified on a checklist to see if there is a home safety violation.

Do you have a home safety issue right now? Call the City of Red Wing at 651-385-3623. We may be able to assist.

Learn Your Tenant Rights and Responsibilities

To read the booklet *Landlords and Tenants: Rights and Responsibilities*, visit red-wing.org and click "Rental License Program" under the Quick Links section. English and Spanish versions are available. For a paper copy, call the City of Red Wing at 651-385-3623.

Fill out the enclosed survey. Your input will help plan the program.
