

Exhibit A
CITY OF RED WING FEES
Effective 01-01-2012

Fees - Annually - Unless Specified Differently

All fees that are billed must be paid by the due date printed on the bill. In the event charges are not paid by the due date, the City may assess a charge to the account of 6 percent APR or a \$5 minimum.

WATER RATES

Fees-- Annually - Unless Specified Differently

A. Water Rates:

The consumers of city water shall pay to the City of Red Wing for water used or metered:

\$3.14 per 100 cu. ft.

Rate Study, Irrigation and other Discretionary Use will be added in the second quarter of 2012

B. Availability Charges:

In addition to the above water rates, a monthly service charge will be made to every metered service where public water is available, whether water is used or not, based on the size of the water meter.

For a 5/8-inch meter:	\$11.02 per month
For a 3/4-inch meter:	\$11.02 per month
For a 1-inch meter:	\$14.32 per month
For a 1-1/2-inch meter:	\$26.52 per month
For a 2-inch meter:	\$41.35 per month
For a 3-inch meter:	\$79.46 per month
For a 4-inch meter:	\$125.20 per month
For a 6-inch meter:	\$250.39 per month

All charges for water and sewer must be paid by the due date printed on the bill. In the event charges are not paid by the due date, the city will assess a finance charge to the account.

In addition, the city at its discretion may charge a late fee for administration and labor fee costs associated with the shut-off procedure:

\$60.00 late fee

The city at its discretion may order the water shut off and services terminated. If the water is turned on after normal business hours, callback labor charges will be added to the late fee charge:

\$125.00 callback charge

An "account setup fee" will be charged on new accounts to defray the cost of setting up new accounts, meter installation, and verifying meter readings:

\$60.00 account setup fee

A charge will be made for operating any stop box for plumbing repair:

\$75.00 stop box charge

C. Bulk Water and Other Miscellaneous Use Rates and Fees:

Administrative Charge:	\$20.00 per load
Standard Charge:	\$15.00 per 1000 gallons
Hydrant Meter Charge	\$10.00 per day \$75.00 setup fee Plus water usage

D. Service Line and Street Rebuilding Charge:

1. The city shall charge all applicants for water service line installations and connections done or made in the public streets or on public property as follows:

On all service line connections jointly made with the sewer service and the water line laid in the same trench as the sewer pipe: Charge Actual Costs

2. On street reconstruction where all sewer and water service must be replaced due to age and condition, special costs will be charged as follows:

Sanitary sewer service and water service replacement during reconstruction (based on 100% of project costs):

6" PVC sanitary sewer service*:	\$1,600.00 each*
1" or smaller copper water service*:	\$1,600.00 each*
<i>* Fee reduced to \$1,440.00 each if sewer and water services are constructed through same project (10% savings).</i>	
8" or larger sanitary sewer service	Charge actual costs
1-1/2" or larger water service	Charge actual costs

All sanitary sewer services within the public right-of-ways or easements that are in excess of 40 years old are required to be mandatory replacement within areas of street or utility reconstruction.

All water services within the right-of-ways or easements that are constructed of galvanized pipe, cast iron pipe with lead joints, or other nonstandard materials shall require mandatory replacement within areas of street or utility reconstruction.

3. Annual Private Hydrant Inspection and Maintenance Charge: \$80.00 per hydrant
