### **TH61/MAIN STREET PROJECT – OVERNIGHT CONSTRUCTION**

(March 30, 2016, Red Wing, Minn.) – As part of the TH 61/Main Street project, the City's contractor, Meyer Contracting will be constructing a water main connection at the intersection of Bush Street and Main Street. The work is scheduled to begin at approximately 8:00 pm Thursday evening (3/31) and will continue into the early hours of Friday morning. This water main connection will require water service disruption to area businesses and residents, but overnight construction will allow us to minimize the impacts to those affected by the shutdown. The affected properties have been notified about this water service disruption, and we ask for your patience and understanding as we work to complete these water system improvements.

Interested in receiving periodic e-mail updates for the TH 61/Main Street Reconstruction project? Send an e-mail request to [hwy61.reconstruction@ci.red-wing.mn.us](mailto:hwy61.reconstruction@ci.red-wing.mn.us), and we'll add your name to the project update list.
