

# RED WING'S Ole Miss Marina

RED WING, MN

## Winter still won't give...

Here we are once again where we thought spring would be here by now but unfortunately it's taking a while to arrive for us. On the bright side, we started scheduling boat launches!! We will be launching boats starting Friday May 10<sup>th</sup> from Wednesday thru Saturday, 8am-Noon every half hour. We will be on a strict schedule with launching this year due to late launching season. Call the office to schedule an appointment.

## Promotions

Refer a friend to our marina and receive **\$100 off your storage or slip fee!**

- All pontoons up to 24' can slip in a 20' or 26' slip at Colvill for only **\$500!!**
- All fishing boats up to 18' can slip in a 20' slip at Colvill for only **\$400!!**

## Boat Storage Yard Work

There is absolutely **NO** sandblasting in the storage yard. If you wish to sand the bottom of your boat or paint, there needs to be a tarp underneath your boat. When you are done, the tarp needs to be emptied in the dumpster.

Minnesota Pollution Control Agency mandates this.

## Shrink Wrap

When removing shrink wrap from your boats in the storage lot, please remove all straps and roll the shrink wrap up in a ball and place it in front of your boat. This will be helpful for removal.

## Trailers

If you plan on storing your trailer in the lot during the summer you will need to stop by the office or request us to send you another sticker for your trailer. All trailers must be labeled with a name and have a current "Ole Miss 2013" sticker on it. If you fail to do so, your trailer may be removed from the storage lot.

# Summer is on it's way...
