

RED WING'S

le Miss Marina
RED WING, MN

Fall is right around the corner..

Well it's that time of year again when we need to be thinking about haul outs and packing up for the winter!

This fall the following days are available for haul outs: Monday, Tuesday, Thursday, Friday and Saturday from 8:00 am- 12:00 pm (Saturdays will only be available if we have 4 or more boats to haul). **There will be no haul outs scheduled for Wednesdays.** Also, we ask that you please plan your final pumpout at least one day before your scheduled haul out. There will be no one working the gas dock in the mornings so if you are getting hauled out Friday morning, you will need to get your final pumpout the night before at the latest (See third page for fall hours).

If you are hauling your own boat from Colvill or Bay Point to the storage lot you will need to pick up an authorization form from the office to present to the DNR at the landings. You will also need to show them proof of your winter contract/storage with us at this time. If you plan on washing your own boat you must get approved material and instructions for washing from the marina also from the office.

Winter Contracts

The winter storage contracts have been sent out so please get those back to us as soon as possible, we appreciate it.

LIMITED STAFF

Please be patient with us as some of seasonal workers are done for the summer. You can continue to inform us of any problems you may have but maintenance work is now limited and we thank you for your patience!

IMPORTANT!!

If you are currently storing your trailer or boat in our storage yard, it MUST be labeled with your name. If it isn't labeled with a name it WILL be removed from our storage yard.

Please pass along the message..

Storage Lot Hours

The storage lot has an automatic timer.

The current hours are:

6am-9pm

After 9pm if you are in the lot, you **will** be able to get out, but you **won't** be able to get back in.
